A world of possibilities | 40

You're Not Like *Everyone Else*

Bold and *Elegant*

The Maserati Ghibli offers something very different in a world of business-like conformity. As you would expect of a luxury sports sedan, there's soothing comfort and effortlessly intuitive technology. The attention to detail, style and quality, reveal the very essence of the Maserati. Whatever your choice, whatever your ambition, the Maserati Ghibli always has a uniquely inspirational answer.

The first Maserati Ghibli was designed by Giorgetto Giugiaro and unveiled at the Turin Motor Show of 1966. Giugiaro, then in his 20s, was considered a design prodigy. And rightly so. His creation, with its 2+2, fastback format, pop-up headlights and audacious shark-nosed profile was an instant hit and became an automotive design icon.

The latest Ghibli model carries on the spirit that shaped its first incarnation in 1966. That means exclusive luxury, glorious style, progressive technology and of course, empowering performance.

Ghibli | 1966

An *Enduring* Legacy

V8 Engine - Ghibli 334 Ultima

V6 Engine - Ghibli Modena

Endless possibilities

A core offering of all Maserati vehicles is the ability to deliver a dynamic, yet refined drive at high speeds.

With the Ghibli, the **power** that achieves this comes from a **choice of V6 or V8** petrol engines, and a **hybrid version**.

*V8 Engine is available for special serie Ghibli 334 Ultima only.

L4 Engine - Ghibli GT

Three trims for a *unique encounter*

Two exclusive trims have been introduced as part of the new 2023 Ghibli Range. In terms of style, the **GT and Modena** trims have a **Maserati logo** on the bonnet and a **specific badge for each trim version** placed just above the three iconic side air vents. At the rear, the Trident logo on the C-pillar, and the Maserati script takes stage on the trunk.

GT

The GT trim elegantly underlines the original Maserati grand touring philosophy and embodies the Brand's more urban and contemporary spirit. For Ghibli, this means travelling at high speeds in absolute comfort.

Modena

Inspired by our home city, the land of fast cars. With the Modena trim, the Ghibli sporty character takes centre stage.

The Ghibli *Collection*

	Max power	Max speed	Acceleration	Engine layout	Traction	Max torque
Ghibli GT 	330 _{CV}	255 _{km/h}	5.7 _{sec}	L4	RWD	450 _{Nm}
Ghibli Modena Q4 	430 _{CV}	286 _{km/h}	4.7 _{sec}	V6	AWD	580 _{Nm}

One choice, many possibilities to distinguish yourself.

Ghibli-You're Not Like Everyone Else

Whatever your choice or ambition, Maserati Ghibli always offers a **uniquely inspirational answer.**

Ghibli delivers the comfort you'd expect in a **luxury sports sedan** — yet it distinguishes itself with razor-sharp, sports car handling. This balance, a signature of Maserati, is a source of endless inspiration — whether you're heading to the office or breaking loose for an exhilarating drive. Ghibli is available in **two exclusive trims: GT and Modena.** Each can be comprehensively equipped according to your desires. With the GT trim, the emphasis is on luxury and comfort, while Modena and Trofeo trims center on engaging driving dynamics.

Ghibli GT-Performance charged

The natural world is full of moments where a single spark evolves into something new – an instant where hybridization acts the catalyst for change. From the same inspiration comes the new Maserati **Ghibli GT**. The Ghibli GT ignites **Maserati's future** without betraying the past. The first hybrid engine in the history of the marque, where innovation and technology have always met with high performance automotive engineering, to drive Maserati forward towards a more sustainable future. Faster than diesel, greener than gasoline: the Ghibli GT philosophy in a nutshell.

The interior of the Ghibli is, in essence, a **clearly expressed invitation to travel** - in luxurious comfort and with effortless access to the **high power** at your disposal. In true Maserati grand touring tradition, the cabin is characterised by **elegant Italian style**, hand-crafted finishes and perfectly organised, generously proportioned design.

Take its steering wheel, feel its gearshift paddles, step on the accelerator, and reconnect to your insatiable passion for driving.

A distinctive invitation

High-Powered **Luxury**

Q4 Intelligence all-wheel Drive System:

The Q4 intelligent all-wheel drive system - available for the Modena trim - keeps performance and comfort at their best even when road conditions are far from ideal. The sophisticated algorithm developed by Maserati continuously monitors dynamic inputs such as wheel speed, steering, yaw angle and even wheel grip versus driving style. The Q4 system uses this data to instantaneously establish a dedicated grip profile for each individual wheel. This ensures optimum dynamics for any given road condition, at any time.

Air Quality Sensor:

The Ghibli is equipped with an intelligent sensor paired with a signal analysis system that calculates the external pollution levels and prevents polluted air and toxic gases from entering the cabin, improving the comfort of everyone onboard.

Soft Close Doors:

The standard Keyless Entry function enables you to open the doors or boot via the handles, without touching the key fob. Soft Close Doors securely, effortlessly and silently close doors left slightly ajar, increasing the car's safety and comfort, particularly for children in the back seat.

Phone recharger:

The system allows to charge the battery of the smartphone by placing it on the dedicated area, without having to connect it to the charging port through a cable. Additionally, next to the Wireless Charger the driver and passenger will also find two USB ports, that will allow both charging and data sharing with the infotainment system.

MIA (Maserati Intelligent Assistant):

Powered by Android Automotive OS, the new generation MIA offers an innovative and personalized user experience. The frameless 10"1 HD touch screen with a ratio of 16:10 carries a new graphic interface. The display features an elegant, curved glass edge: a first in automotive design of its kind.

Wi-Fi vehicle hotspot:

The Wi-Fi option is another welcome touch when you're on the move in the Ghibli. Simply place a SIM card into the router to access internet signals inside the car. Up to three devices can be connected at the same time.

ZF eight-speed automatic transmission:

The sophisticated ZF eight-speed automatic transmission in the Maserati Ghibli puts its engine power under your complete control. Its advanced design ensures precise gear changes and optimum performance. Thanks to auto-adaptive software, the transmission modifies its shift patterns according to driving style, for an even more rewarding, one-to-one driving experience. And when it comes to long, high-speed journeys, the last two gears, seventh and eighth, are specially calibrated to reduce fuel consumption and further increase comfort.

Folding rear seats:

Need to safely store the ski or snowboard bag? The 60/40 split-folding rear seats provide cargo-carrying versatility. When the seat on the smaller side is completely folded down, you will have a continuous nearly-flat extension of the load floor in order to accommodate large-sized equipment and objects.

Your Maserati *connected to you*

Master the essence of performance, comfort and safety to transform every journey into a unique and thrilling experience. Intuitively and intrinsically linked from the app to the vehicle, Maserati Connect will seamlessly link your car to your habits and needs, leaving you free to enjoy driving at its best.

Remote Services:

The Maserati Connect App displays fuel level, tyre pressure, odometer, oil-life, and vehicle health report card including checks for Powertrain, Brakes & Suspension, Oil & Fluids, Safety systems and Lights. Every information is updated on the last key off.

Amazon Alexa:

Your Maserati as part of your smart ecosystem. Just ask Alexa or Google Assistant for your vehicle status, or to send a destination to your always-updated navigation. Communicating with your car from your couch is that simple. With In-Car Alexa, you can ask to play music, hear the news, check the weather, control smart home devices, and more.

Advanced Driving Assistance System

The Ghibli is equipped with an impressively comprehensive range of Advanced Driving Assistance Systems. It means even greater peace of mind, whether you're on an exclusive grand tour or a dash through the city.

Traffic Sign Recognition

What if your car could alert you about the speed limit sign you just passed? The Traffic Sign Recognition comes in handy for monitoring different types of sign: speed limits, temporary speed limits and overtaking restriction zones.

Highway Assist System (HAS)

Ever imagined you could combine the virtues of Adaptive Cruise Control with the Lane Keeping Assist? The Highway Assist System (HAS) is a level 2 autonomous driving system, designed to help you steer, accelerate, brake and keep your vehicle in its lane, especially when you're driving on highways or limited access freeways.

Lane Keeping Assist (LKA)

Want to make your highway and freeway drive safer? The Lane Keeping Assist (LKA) is a safe driving feature that is designed to identify lane markings and initiate a steering maneuver in order to prevent unintentional lane crossings. A car safety feature that you definitely have to look out for.

Lane Departure Warning System

Thanks to a camera in the rear-view mirror that monitors road markings ahead, the Lane Departure Warning system helps the driver keep the vehicle in the chosen lane on motorways and main roads. This reduces lane drift and the possibility of lateral collisions by providing a warning when the vehicle crosses lane markings without signalling. Activation of the turn indicator overrides the system.

Active Blind Spot Assist

Need some help to look over your shoulder electronically? The Active Blind Spot Assist (ABSA) detects vehicles entering your side and rear blind spots when changing lanes, overtaking and parking. It's a driving safety feature that will help you face one of the biggest perils of the road.

Surround View Camera

This provides a clear 360° view around the car, helping with parking and highlighting otherwise hidden obstructions. Images are captured by two cameras beneath the door mirrors plus front and rear cameras and shown on the main display screen.

Adaptive Cruise Control with Stop and Go

Need more driving comfort with enhanced security when driving on highways and freeways? The Adaptive Cruise Control (ACC) with Stop and Go adjusts your speed to maintain the preset distance from the vehicle ahead. You will feel safer than ever when driving on highways and freeways in limited or moderate traffic.

Forward Collision Warning Plus

Want to feel safer when driving in heavy traffic? Whether it's a rush hour, a big event or a traffic jam, the Forward Collision Warning Plus system reduces the risk of rear-end collisions to prevent or limit vehicle damage.

Rear Cross Path Function

This is a welcome feature that emits a warning when an unseen vehicle is approaching, from the right or left, while reversing out of a parking space.

Front and Rear Parking Sensor and Reversing Camera

To assist with manoeuvring in tight spaces, the Ghibli comes equipped with parking sensors in the front and rear bumpers. In addition, there is an optional rear-view camera, fitted close to the boot lock, that shows a view of what is behind the car on the Maserati display.

Active Driving Assist

Active Driving Assist is an extension of Highway Assist introduced on Maserati range on MY18. This new system is supported on every good road condition, no matter if B-roads urban, extra urban roads or highways.

Maserati

A world of possibilities

Master Maserati Driving Courses

There cannot be a Maserati driver in the world who hasn't wondered what it must be like to push the rev counter into the red right up through the gears, to take the racing line through a corner and to test their car's braking capabilities to the limit. The Master Maserati Driving Experience answers all these questions and more through a series of professionally- led courses for those with a desire to discover the performance potential of the fastest Maserati models in their natural environment: the racetrack.

With the introduction of the sensational MC20 supercar and the powerful Trofeo versions of Ghibli and Levante, the Master Maserati Driving Experience becomes even more dynamic and thrilling. For full details on our driving experiences, you can visit our website mastermaserati.com or contact us directly at info@mastermaserati.it.

Financial Services

Purchasing your car with the aid of a Maserati financial package enables you to choose the best conditions on the market and tailor them to your needs. Official Maserati dealers will be delighted to act as your financial advisers, providing professional guidance on the various payment options available and creating a package tailored to your requirements.

Road Assistance Program

The Maserati Assistance Program offers an exclusive range of services and benefits free of charge for the period of the warranty of the vehicle. The Assistance Centres, available 24 hours a day, can be contacted in emergency situations. At these efficient sites, courteous and highly-skilled professionals will provide the best possible solution to any problem flagged up by the customer.

Full Credit Services*

Stay on the road while your car is being repaired – with our Full Credit Services, you will be behind the wheel of a courtesy car with Geo maps, snow chains and child seats included and free of charge so you can focus on enjoying the drive.

*For more information, please contact your dealer or Maserati Customer Service at info@maserati.com.

The World of the *Trident*

Factory Tour

Discover the heart of the all new MC20's production at the historical Maserati Plant in Modena. The 1h45min Factory Tour begins with a walkthrough of the Brand's heritage and model range presentation. Assembly line, Engine Lab, painting facilities and the official Store follow. Showroom Tour: a 40-minute Showroom tour comprehensive of heritage and model range presentation is available. For more information: factorytour@maserati.com.

Factory Delivery

After a welcome coffee and drinks in the Showroom, you can visit the historical Maserati Plant, accompanied by a specialist guide and a photographer. Now, it's time for your new Maserati unveiling! Before we bid you farewell, the final pictures are taken. The commemorative digital photo-album is forwarded to the customer. All models can be delivered at Modena Plant. Request the factory delivery to your official Maserati dealer.

Maserati Collection

The Maserati Collection of exclusive leisurewear and branded merchandise has been specially created for those with a passion for all things Maserati. Maserati Collection items are available from all Maserati dealers and the Maserati Store at the Modena showroom in Modena. Alternatively, they can be purchased online at maseratistore.com and delivered directly to your home.

Maserati Club

There are currently more than 30 Maserati Clubs in the world, counting more than 3.000 members. Joining the exclusive Maserati Club means sharing insights, experiences and all the

excitement with other Maserati owners – and being invited to take part in special motoring events. Drivers of cars from every era can enjoy the pleasure of driving their Maserati models in a calendar of national & international events created especially by the Maserati Clubs for their Club members, such as the Global Gathering or the Maserati International Rally. Visit the dedicated section in maserati.com to get the contacts of your local Maserati Club.

Maserati Genuine Accessories

Specially conceived to satisfy our customers' needs, the Maserati Genuine Accessories are a perfect combination of design, functionality, comfort and performance. Built to the highest standards of Maserati craftsmanship, the Ghibli accessories range has been developed to guarantee great practicality together with the chance to add your personal and unique touch. Get ready to discover all your customization options in the dedicated brochure, on the official website maserati.com, or through the Official Maserati Network.

Customer Programs

Driving a Maserati is an experience of a lifetime, regardless if you are handling a weekday commute or embarking on a memorable journey. This is why Maserati has created dedicated Customer Programs to assure you miles after miles the utmost care and excellent performance of your Ghibli. Give yourself extra peace of mind with our programs. Discover more on the official website maserati.com, or through the Official Maserati Network.

Archivio Storico

Created for enthusiasts and owners of vintage Maserati cars, 'Archivio Storico' is an organisation dedicated to those who wish to engage with the marque's glorious past. 'Archivio Storico' can provide Maserati Customers a service of Historical Documentation pertaining to their vehicles. Specifically there are various types of certified historical documents available, carefully and precisely researched within the Maserati Historical Archive. For more information about the Historical Documentation service, email archivio.storico@maserati.com.

Maserati Classiche

At the beginning of a new era, Maserati pays tribute to its past by creating a new programme around its most precious resource: Our History. Maserati Classiche it's a new department specifically designed for Maserati's Classic cars owners. Maserati Classiche provides for our customers several dedicated services concerning the Certification of Authenticity, components for Classic cars and the support for restoration. For additional information related to Maserati Classiche Programme, please contact Us by email maserati.classiche@maserati.com.
